## United Auto Workers Ask Share of Profits

### Poses Two Conditions

### Ike Holds Door Open On Summit Meeting

WASHINGTON (AP)—President Eisenhower held open the door to an East-West summit conference today with word to Soviet Premier Nikolai Bulganin that "I am ready to meet" on two conditions.

Eisenhower's reply to Bulganin also urged Soviet agreement to a far-ranging peace program that would end nuclear weapons manufacture and testing, curtail use of the United Nations veto and production of space age mis-

siles, and dedicate outer space "to the peaceful uses of mankind."

Any top-level meeting, the President told the Premier, must be preceded by an airing of issues in negotiations among diplomats and foreign ministers. Furthermore, he said, these negotiations must show "good hope of advancing the cause of peace and justice in the world" by agreements at the summit. He thus rejected Bulganin's call last week for a meeting in three months.

Eisenhower's 4,000-word personal letter replied to one Bulganin sent him Dec. 10, but also clearly covered the essence of a second Bulganin note last week. Eisenhower rejected or discounted about eight proposals Bulganin had put forward, including those for an East-West nonaggression pact and a German-Polish-Czech zone free of nuclear weapons.

He accused Russia of a great error in failing to reunify Germany as agreed at the Geneva summit conference in 1955. He blamed the cold war on the "expansionist policy" of Soviet communism. He pledged the United States would never engage in aggression and pointedly expressed hope that "the Soviet Union will feel a similar aversion to any kind of aggression."

## Gunman Held After Attempt To Rob Bing

### Man Tries to Take Big Gate Receipts At Crosby Tourney

PEBBLE BEACH, Calif. (AP)—An attempt to rob the Bing Crosby golf tournament of an estimated \$100,000 in receipts ended in a fight for a gun and capture of the gunman before dawn today, a deputy sheriff said.

The deputy, Tom Martin, guarding two safes across the street from the plush Del Monte Lodge, said he suffered powder burns in the struggle before overpowering the unidentified gunman and taking him to jail at nearby Salinas.

The man refused to give any name and was booked as John Doe.

Martin said Chester Gillette, treasurer of Del Monte Properties Co., and Frank Morton, an auditor, started to get in their car outside the offices about 1:30 a.m.

The man came across the street and got in the back of their car, Martin said. "He had a suitcase, some adhesive tape and some binding ropes and he told Gillette a partner was holding Mrs. Gillette. He said if they resisted in any way, they would be killed and Mrs. Gillette, too," Martin said.

Martin said the gunman forced the two men to open the front door of the finance building. "but in order to get where the safes were, they had to call me," he said.

"It was only after I had opened the door that I saw this man had a gun in their backs. I had a gun too, but I used it I figured they would be killed, so I dropped my gun at his orders and got face down on the floor."

"I pretended I was very sick and the ruse worked. When he came close I grabbed his gun hand and there was an awful fight."

Gillette, who said his wife never had been called, said the man seemed to know quite a bit about the place and where the safes were.

## Late Bulletin

### Resuming Production

The Pittsburgh-Corning Glass Co. will resume operations in Plant No. 4, Foamglass, the middle of next week, according to announcement today by Karl Baumler, works manager. Preparations are underway now for this resumption of production which will mean calling back 200 workmen.

## Postpone The Shorter Work Week Goal

### Would Begin When Net Capital Profits Topped 10 Per Cent

DETROIT, Mich. (AP)—The United Auto Workers called today for a profit-sharing plan in 1958 wage contracts, and postponed demands for a shorter work week.

The union's proposed profit-sharing would begin when a manufacturer's profits topped 10 per cent, before taxes, on net capital. Corporate executives, stockholders, workers and consumers would be included in any sharing. Under the UAW proposal half of profits above 10 per cent would be retained by the manufacturer for stockholders and executives; one-fourth set aside for hourly-rated workers and salaried employees other than executives, and one-fourth for consumers in the form of rebate on purchases.

It said the division formula is used by corporations in computing executive bonuses.

In postponing demands for a shorter work week, the UAW said it acted in the light of the realities of the world situation.

The program was approved by the UAW's International Executive Board. It will be submitted to the union's special convention which meets in Detroit next week to shape demands to be made on the auto industry in the spring.

The union sidetracked previously announced goals of a shorter work week coupled with a substantial increase in pay.

It said the new program is "unique in that it departs from the usual uniform set of demands advanced by the UAW and served on all companies, regardless of size and profit position."

## Governor Names January 19-25 As Jaycee Week

Gov. James T. Blair has designated the week of Jan. 19-25 as Jaycee Week in recognition of service rendered by the Missouri Junior Chamber of Commerce, the headquarters of which is located at the Sedalia Municipal Airport on East Highway 50.

The week is being set aside, the governor stated, to observe the founding of the organization which took place in St. Louis in 1915.

The Sedalia Jaycees will commemorate the occasion by conducting their annual Distinguished Service Award banquet Jan. 23 at the Old Missouri Homestead. The award will be given to a young Sedalia man between the ages of 21 and 35 inclusive for service to community, character and personality during the year 1957. He does not have to be a member of the Jaycees.

The DSA chairman, Dr. C. A. Kirkpatrick, has asked that the public make an extra effort to submit nominations, using the coupon below, so that a truly representative selection can be presented to the judges.

If you fail to receive your Sedalia Democrat, please call TA 6-1000 before 6:30 p. m.

## OUTSTANDING YOUNG MAN—1957 NOMINATION BLANK

I hereby nominate

NAME .....

ADDRESS .....

Birth Date .....

(Nominee must be 21 to 35 years of age, inclusive)

For the Distinguished Service Award as the

Outstanding Young Man of Sedalia for 1956

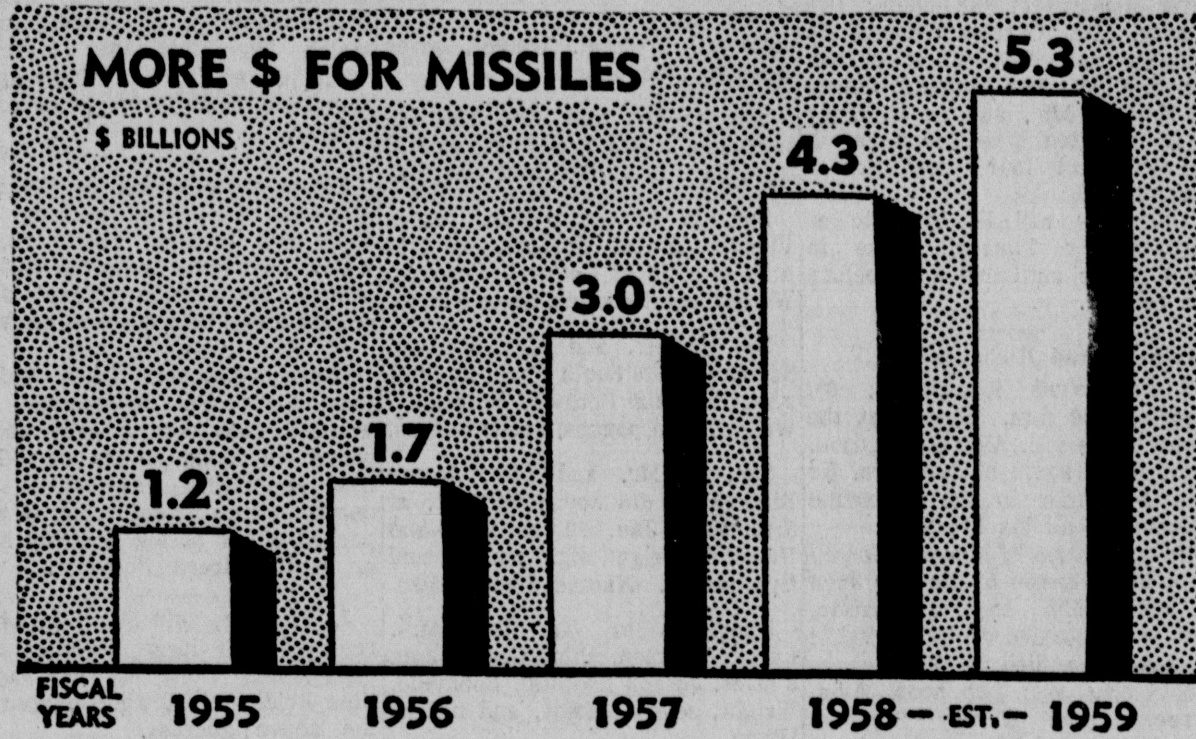

His Qualifications are as follows .....

Nominated by ..... (Organization or Individual)

\* It is not necessary to sign if you desire not to do so.

MAIL TO DR. C. A. KIRKPATRICK, 2305 Kay, Sedalia, Mo.

Award will be presented by The Junior Chamber of Commerce

MORE FOR MISSILE MUSCLE — Newschart, above, compares proposed missile money for fiscal 1959 with estimated expenditure for fiscal 1958 and actual expenditures in '55, '56 and '57

fiscal years. This is the missile-financing picture President Eisenhower presented to Congress in his annual budget message.

## Ike's Budget To Help Cure Business Ills

### Business Recovery May Bring Budget Back Into Balance

WASHINGTON (AP)—President Eisenhower told Congress today his record peacetime spending program will help cure the business recession, and business recovery in turn will bring the budget back into balance.

Though the government is skidding into red ink this year, Eisenhower predicted in his budget message that rising tax collections will balance the budget for fiscal 1959 with half a billion dollars to spare.

Budget Director Percival F. Brundage supplied the explanation for Eisenhower's optimism. The Council of Economic Advisers, the Federal Reserve Board and Treasury were consulted on the economic outlook, Brundage said. "They anticipate a substantial recovery before summer," he said.

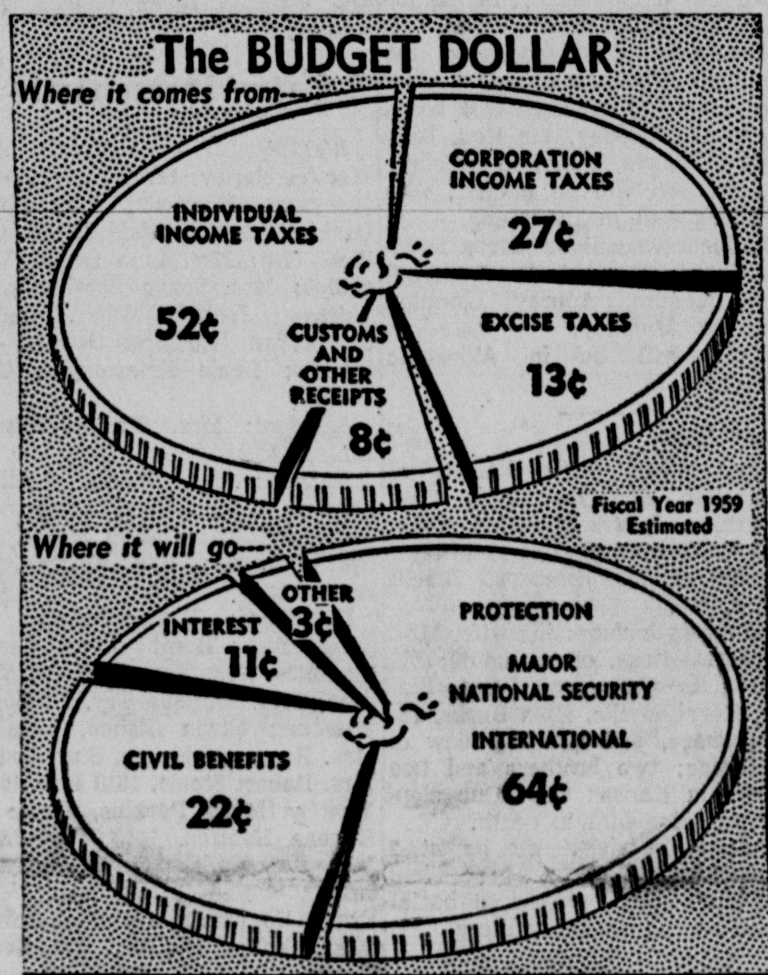

Eisenhower's forecast of government revenues in the year starting July 1 was based on an estimate that the personal income of Americans would total 352 billion dollars this calendar year, nine billion more than in 1957.

Corporate profits, which in recession periods tend to fall more quickly and recover more slowly than individual incomes, are estimated at 42 billion dollars this year, the same as 1957.

Secretary of the Treasury Anderson told a news conference that some additional factors contributed to the administration's optimism. These, he said, include reports showing that business inventories have been reduced to normal in many cases, interest charges have dropped, housing activity apparently is reviving, department stores reported record Christmas sales, and a resurgence of business confidence has appeared.

Forecast Says Rain, Colder Weather Due

KANSAS CITY (AP)—Some moisture is headed for Missouri. The weatherman says there will be occasional rain over the south and east portions this afternoon, in the southeast and extreme east portions tonight and in the west and extreme north Tuesday.

THE BUDGET DOLLAR — Where the basic dollar will come from, and how it will be spent to finance President Eisenhower's budget for the fiscal year beginning July 1 is shown in Newschart, above. An estimated \$74.4 billion in receipts will finance the \$73.9 program, and permit of a hoped-for-half-billion-dollar surplus at end of the fiscal year.

(NEA photo)

## No New Projects

## Ike's New Budget Reflects No Urgency in Defense Plans

By Joseph A. Dear

Of Our Washington Bureau

Ike's new budget, though the largest ever proposed in peacetime, reflects no sense of urgency on the part of the administration. Under the new budget the government would spend \$73.9 billion in fiscal year 1959, which begins July 1 next. That's \$1.1 billion more than Ike sought last year.

Increased defense spending accounts for \$900 million of the jump in the size of the budget. Expenditures on major national security programs this year will total \$44.9 billion, according to Ike's message. Next year \$45.8 billion will be spent on national security.

If the inflation factor is considered, that \$45.8 billion will buy the goods and services \$45 billion buys now. Thus the real rise in defense spending will be approximately \$100 million — or less.

That sounds like an astronomical sum to a private citizen, and is. But in terms of national defense, its peanuts. For example, \$100 million won't cover the estimated cost of the first missile-launching Polaris submarine.

In his State of the Union message last week, Ike spoke of sacrifice and exertion. This new budget demands little more sacrifice and exertion than budgets of the recent past.

In short, Ike has sent another "bigger bang for a buck" budget to Congress. The menace posed by Russia's military might is to be met, not by spending more on our military establishment, but by spending more on new weapons and less on old. The emphasis of the national defense effort is being redirected, but the magnitude of the effort is not increasing.

When Ike's team took over, the military got its first "new look." Presumably the military is stronger because this administration insisted on nuclear streamlining. Presumably it will be stronger yet once nuclear power has been married to missiles and rockets. But in the interval between proposal and ceremony, the real power of the United States may decline.

Ike's new budget contemplates reducing the manpower strength of the Army, Navy, Marines, and Air Force. A large proportion of active duty personnel remaining

are to be paid more, and it is hoped that will enable the services to reduce the turnover of the technically trained.

Ike's new budget contemplates reducing the number of active duty ships of the Navy, reducing carrier air groups, reducing Navy plane strength numerically. The new budget would reduce the Strategic Air Command by one wing, Air Defense Command by one wing, and the Tactical Air Command by 10 wings.

No figures in the new budget indicate the non-missile capability of the Air Force is to be increased. Defense Department spokesmen say there is no new money in this budget for buying B-52's. That program is being phased out. The B-58 program is continuing.

Budget figures indicate the Air Force will be spending fractionally less on maintenance and operation under the new budget. This is significant, because a gasoline shortage grounded SAC planes under the last budget.

None of the services, apparently, will have a voice in any new

(Please turn to page 2, column 8)

## Another Wait

There are plenty of car owners in Sedalia, obviously, who are still waiting for that one big rain to wash their automobiles clean of winter grime. But only light rain is predicted.

Partly cloudy to cloudy tonight; mostly cloudy Tuesday; chance for rain Tuesday afternoon and night; little change in temperature; low tonight in lower 30s; high Tuesday in mid-40s.

The temperature at 7 a.m. was 35 and 48 at 1 p.m. Low Sunday night 32. Rainfall .13 inch.

The temperature one year ago today, high 39, low 12; two years ago, high 34, low 12, with .01 inch of rain; and three years ago, high 46, low 20.

## It's Just Short Of 74 Billion

### President Says Largest Part Is For Defense Against Reds

WASHINGTON (AP)—President Eisenhower sent Congress today a record peacetime budget just short of 74 billion dollars. He said by far the largest part of it, almost two thirds, is for defense against growing danger from Russia in the dawning age of space conquest.

The President disclosed that the government now expects to wind up in the red for the fiscal year ending June 30. He announced his intention to ask for a short-term increase—he didn't say how much—in the present 275-billion-dollar limit on the national debt.

But he voiced confidence business will pick up and tax receipts will increase so that the new \$73,900,000,000 budget, for the 1958-59 fiscal year, will be in balance. He said he expects a surplus of half a billion dollars or so, compared with the 400-million-dollar deficit now in sight for this year.

One surprise in the President's proposals for government spending and revenue-collecting: He called for a 5-cent postage rate on all out-of-town first-class letters. Congress so far has rejected even his previous call for raising stamp prices from 3 to 4 cents for local and out-of-town letters alike.

The White House announced in advance that Eisenhower's budget message, which ran to some 22,000 words with a mass of figures attached, would outline a domestic program largely passed over in last Thursday's State of the Union message.

It did. But like the earlier message, it put heaviest emphasis on security matters with a \$39,800,000,000 request for the armed forces alone. With this expected boost, almost two billion dollars higher than last January's estimate, Eisenhower asked:

1. A \$3,800,000,000 stepup in spending for missile and nuclear weapon research and production. This would give the Pentagon an extra \$1,300,000,000 to spend as soon as the money was appropriated, plus 2 1/2 billions more than it now has on hand for 1958-59.
2. A 500-million-dollar reserve fund to rush development of any breakthroughs in the weapons field, together with authority to switch two billion dollars around within the armed services "in order to take prompt advantage of new developments."
3. For foreign military and related aid, \$3,868,000,000 to be spent in the coming fiscal year. This is a 119-million-dollar increase over the current figure. The proposal looks like one of the hottest issues to come before the new Congress.

All told, the President's new budget calls for 1958-59 spending at more than a billion dollars over the current rate, even allowing for recent speedups in missile and other weapons programs. The current spending program, running at \$72,800,000,000 a year, is the highest in American peacetime history.

That means the end of new orders for the subsonic all-jet B52 bomber when the presently planned total of 600 is reached. The Air Force unit strength would be trimmed from a present 130 wings to 105 by the end of the next fiscal year, its inventory of planes cut by more than 1,200 from today's nearly 22,000.

## Quits Reds

### First Lady Portrait Unveiled Sunday

JEFFERSON CITY (AP)—A portrait of Missouri's first lady was unveiled at a colorful ceremony in the executive mansion yesterday as the honorary colonels who donated it looked on.

Gov. and Mrs. James T. Blair stood beside the portrait in the hallway of the mansion as Col. Waggoner, chief of staff, made the formal presentation.

The portrait was painted by Daniel MacMorris, a Kansas City artist who was born at Sedalia, and the governor commented, "as you can see he knows his business."

Mrs. Blair is pictured in a pink formal gown which contrasts with the blue loveseat on which she is seated.

## Mrs. Steele Died At Cameron Monday

CAMERON, Mo. (AP)—Mrs. Elizabeth Steele, the oldest member of the Missouri chapter of the Order of Eastern Star, died here today. Mrs. Steele, 99, received her 75-year O.E.S. membership pin five years ago. A native of Hannibal, Mo., Mrs. Steele, had resided here 92 years. She is survived by a son, Clyde, Pearlboro, Cal. Services will be here Wednesday.

## OWC Has Crazy Hat Luncheon

The OWC of Whiteman AFB held their first luncheon of the new year Wednesday, Jan. 9, at the Officers Club.

It was a "Crazy Hat" luncheon sponsored by the O.S.I. and Air Police wives. They are: Mrs. Robert Donovan, Mrs. W. Lile, Mrs. Frank Shaffer, Mrs. Gorman Nelson, Mrs. Wheeler, and Mrs. D. H. Tidwell.

Hats surrounded with pink and white mums were the centerpieces. Also, miniature hats were on all the tables.

The meeting was called to order by the president, Mrs. H. M. Price. Mrs. Zaron Bessant introduced the newcomers. Each one received a small felt hat, which

were made for the occasion by Mrs. Bessant.

The program chairman, Charlie Hall informed the women that a parade of all the hats at this time would be fun. They were judged by Col. R. T. Calhoun, Col. J. F. Turnbull, and Maj. W. Lile. Capt. Frank Wheeler supplied the background organ music. The prettiest hat was worn by Susie Richards; craziest hat was worn by Winnie Smith.

Door prizes were awarded to Jeanne Pousch, Trudie Faimon, and Ann James.

For kitchen chemists: Baking powder is made of baking soda and cornstarch plus an acid ingredient.

## Over 100 Attend Training Union Banquet Thurs.

"Winter Wonderland" was the theme used at the banquet for all Training Union members which was held Jan. 9 at the East Sedalia Baptist Church. Banquet tables were beautifully decorated with white spruce and candy houses.

The Rev. J. B. Wallace, pastor of the First Baptist Church, was guest speaker. He was accompanied by Mrs. Wallace. Approximately 110 persons attended.

The banquet was held to honor the Robert Moffatt Intermediate Union, which won the recent three-month attendance contest. They were decorated with leis and hats and were presented gifts by Miss Doris Stott, Training Union director.

Those honored were Mrs. M. J. Scott and Mr. and Mrs. C. L. Norman, leaders; James Kresse, Wanda Waters, Dick Craig, Bill Thompson, Bill Kelley, Joyce Ream, Carol Ann Duff, Emilee Smith, Mary Whitehead, Eunice Hudson and Marva Hutchison.

Pep singing was directed by Gerald Hayworth accompanied at the piano by Mrs. Hayworth. Mrs. Don Carver and Mrs. Hayworth sang "Winter Wonderland" in keep with the theme.

The banquet was closed by lighting individual candles and singing "Blest Be the Tie."

Miss Doris Stott, director, planned and promoted the banquet. Those assisting with the arrangements were: Mrs. M. J. Stott, Mrs. Lewis Silvey, Mrs. Reuben Barrick, Mrs. W. A. McMillin, Mrs. Ed Williams, Mrs. Roy Lane, Mrs. Roy Eilis, Mrs. Louis Duff, Mrs. Bruce Ulmer, Mrs. Don Carver, Don Carver, Mrs. Owen Fox, Miss Helen Farley and Reuben Barrick.

## About Town

Kirby Bassett, manager of a J. C. Penney store at Belle Fourche, S. D., and Mrs. Bassett arrived Sunday evening for a visit with his mother, Mrs. W. H. Bassett, 423 West Fourth, sisters, Miss Lena Bassett and Miss Mabel Bassett, and other relatives. Mrs. W. H. Bassett, who fractured a hip in a fall a few weeks ago, is still at the Bothwell Hospital, where she is steadily improving.

## Auxiliary Gives Luncheon For Mrs. Kortjohn

The Seventh District of the American Legion Auxiliary met for a 12 o'clock luncheon at the Bothwell Hotel Sunday, Jan. 5, with the Auxiliary to Post 16 as the hostess group. The table decorations were in the Auxiliary colors of blue and gold. Mrs. W. C. Cain, president of local unit No. 16 presided at the luncheon and Mrs. James Mayfield, Marshall, acted as chaplain.

The luncheon was in honor of Mrs. O. H. Kortjohn, St. Louis, department president. Mrs. Kortjohn was presented with an apron shower, one from each unit in the district. District officers attending were the president, Mrs. Henry Peale, Odessa; vice-president, Mrs. Ralph Pauley and sergeant at arms, Mrs. Sam Tuck, both of Houstonia; treasurer Mrs. H. M. Raney and secretary, Mrs. Everette Oliver, both of Higginsville; historian, Mrs. Linden Lee Jones, Sedalia.

Distinguished guests present for the luncheon were: Mrs. M. D. Murphy, Columbia, president of the Eighth District and State Chapeau of the 8-40; Mrs. D. C. M. Hart, Kansas City, president of the Fifth District; Mrs. O. R. Penick, Kansas City, Department Child Welfare Committee; Mrs. Jack Pisciotto, Kansas City, representative of the V. A. Hospital; and Unit presidents; Mrs. R. S. Stewart, Warsaw; Mrs. Robert

Neff, Higginsville; Mrs. Douglas Crank, Sweet Springs; Mrs. Sam Cooper, Sedalia, Auxiliary to Post No. 9.

District chairmen of committees attending were Mrs. E. Glenn Lewis and Mrs. R. R. Conn both of Sedalia; Mrs. Edward Mayta, Higginsville; Mrs. R. T. Harrison, Marshall; Mrs. J. C. Tolson, Houstonia; Mrs. R. E. Schlesselman, Cole Camp. Others attending from Sedalia were Mrs. Walter Pinkenpank, Mrs. J. R. Comer and Mrs. Ada Cooledge. A musical program was given during the luncheon by Mrs. Charles Shepard at the piano and Mrs. Geter Jones, vocalist, both of unit No. 98.

A district business session with Mrs. Peale presiding followed the luncheon. The Auxiliary joined the Legion to hear the oratorical contest on the "Constitution of the United States" which the Legion sponsored. Miss Judy Jiedel of Smith-Cotton High School won the competition on the District level which makes her eligible to enter the state contest.

A great deal of interest was shown as Mrs. Kortjohn outlined her project for the year, aid to the therapeutic division of the Veterans' Hospital. The department secretary, Mrs. Walter Gardner, Jefferson City, conducted a round table discussion of value to the officers present, clarifying many of their duties and problems.

Representatives of 14 units were present. The next meeting will be in Waverly, March 9.

## A Plea For Politeness...

"Who's that knocking at my door?..." At this time of the year the answer may be: "The tax assessor!"

Deputies from County Assessor Jerry Trotter's office started right after turn of the year preparing the 1958 assessments by making calls on Sedalia and Pettis county taxpayers.

To some of the latter this may be an aggravating procedure—paying up 1957 taxes by December 31 and shortly thereafter being greeted by the 1958 assessor starting the tax whirligig all over again.

Nevertheless that's the legal process which cannot be evaded by elected officials and their appointed deputies. These men and women are not unsympathetic ogres prying into an individual's privacy. The law requires them to make assessments for taxing purposes; it is as elementary as that.

By and large this process is being accomplished with a great deal more alacrity than heretofore and this is to the benefit of all the taxpayers.

Deputy assessors find the average tax-

payer cooperates in assisting them to fill out the tax report. On the other hand there are those who offer passive resistance, resort to evasive answers, take the opportunity to vent their spleen against the assessors or engage in deductions against court house personnel who have nothing to do with taxation. These expressed irritations are not so bad if made in good humor, but frequently there is real animus, much of which is orated against the world in general after sharp tongues have limbered up.

The assessors listen patiently although one wonders how they can tolerate some of the verbal effluvia.

All of which brings us to this conclusion:

Let's eliminate the effluvia and accent the politeness and consideration the deputy assessors are entitled to when they call at our homes for the information which must be given one way or another—voluntarily or by letting the county assessor estimate our tax the hard way.

### The Washington Merry-Go-Round

## Prepare To Slip Gas Bill Thru Congress

By DREW PEARSON

WASHINGTON — It was Speaker Sam Rayburn's 76th birthday last week, and this week or next he and Sen. Lyndon Johnson are preparing a birthday present for American housewives.

"Mr. Sam" has pioneered some fine laws for the benefit of the American people — the Securities and Exchange Commission, The Federal Communications Commission, Rural Electrification. But Sam has a weak spot when it comes to Texas gas and oil, so the birthday present he's now preparing won't be so welcome.

He is quietly maneuvering to pass the long-delayed natural gas bill, thereby increasing the cost of gas to consumer areas by about \$800,000,000 a year. The bill would overrule the Supreme Court and exempt the transmission of natural gas from Federal regulation.

After Sam slips the bill through the House, his fellow Texan, Lyndon Johnson, plans to slip it through the Senate as noiselessly and painlessly as possible.

The plan is to operate with little advance publicity. The gas lobby doesn't want consumer groups to have a chance to reach their Congressmen and mobilize public opinion against the bill.

Last year a stream of mayors, ranging from Wagner of New York to Dilworth of Philadelphia and Celebrezze of Cleveland, urged Congress not to pass the bill. They pointed out that it would seriously upset city budgets, put a burden on housewives and benefit only the big gas and oil men.

Finally, Congressmen MacDonald of Boston, Dingell of Detroit, Madden of Gary, Ind., Vanik of Cleveland, Delaney of Brooklyn waged such an effective battle that Mr. Sam kept the gas bill from coming to a vote. He would have lost.

But now the bill has cleared committee hurdles and waits only a signal from the speaker. He can give that signal when big city Congressmen are taking week ends off in Manhattan, Brooklyn or Philadelphia.

Coal-Gas Deal  
This time Mr. Sam isn't taking any chances. This time he and the gas moguls have worked out a deal with the coal Congressmen in order to win coal-area votes. Coal Congressmen from West Virginia and Pennsylvania hitherto have voted against the gas bill. But this time an amendment will be tacked onto the bill whereby the gas industry will not dump cheap gas into coal areas in the summer.

NOTE 1 — If you want to see how the deal works between the gas bloc and the coal states, watch the votes of such Congressmen as West Virginia's Arch Moore, Harley Staggers, Cleveland Bailey, Will Neal, Elizabeth Kee, and Robert Byrd; also Pennsylvania's coal-area Congressmen.

## Think It Through

—By E. F. Hutton

RUSSIAN SCHOOLING —Sputnik, Mutnik and Flopnik make us blush, but when you hear home-grown Reds and Pinks say that they prove Communism is superior to the American System, you can really tell them off.

The Russians have simply copied the best of the American System in several particulars, while we got fat, sloppy and satisfied with 2nd and 3rd grade Americanism.

For example, they make their kids study! They demand discipline. So did we once upon a time before John Dewey and his followers said children should never be made to do anything!

The Russians tried Deweyism themselves back in the 20's, but tossed it overboard and went back to the 3 R's and the hickory stick.

The Russians give the gifted child special attention and rewards. So did we for over a century. But our mushy philosophy in the schools now actually downgrades standards so that every dumbbell can pass.

For 30 years Russian children have not been permitted to select "soft snaps." Their parents and teachers actually think that mature men and women know better than children what they should study! So did we at one time, strange to say.

The Russians think school is to train the mind and equip children with the tools with which, when they grow up, they can solve the tough problems of life.

They even encourage their youngsters to play the toughest game of all — chess!

## Courage, Resource

It was not so many years ago that the world was saluting the daring New Zealander, Sir Edmund Hillary, for his conquest of Mount Everest, highest peak on earth. Possibly no one anywhere was better qualified than he to triumph again over Nature's stiffest odds, as he has done in his 1200-mile overland sweep to the South Pole.

Sir Edmund is a man willing to gamble his life in the battle of wits against snow and ice, howling weather, dangerous crevices, and all the other hazards of his adventurer's trade.

The thing about him is that, so far, he has won his greatest gambles.

This time he led four of his countrymen over Antarctic wastelands in killing cold, racing against a competing British expedition to accomplish a feat that had not been done since the famous Robert Scott expedition of 1912.

Sir Edmund, for all his dash, is human, and he acknowledged when the long trek was over that there were moments in which he felt he might not make it to the Pole.

What counts is that he did.

On this planet, in all areas of life there are men pressing along the frontiers, pushing into the unknown. On that frontier where men stand boldly against the mysteries of untested Nature, Sir Edmund Hillary looms as a leader of proven courage and resource.

## A Close Look at the Near Future

### The World Today

## International Pen Pals Still at Standoff

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP)—Russian Premier Bulganin is getting to be a regular pen-pal of President Eisenhower.

The President has been a little tardy in his correspondence. Over the weekend he made up for it. The result: still a standoff.

Bulganin wants a meeting of himself, Eisenhower and other heads of state. Eisenhower says he's willing but—It's a big but. The two men disagree on how to go about having the summit meeting.

The Russian proposed this big get-together in a letter to Eisenhower Dec. 10 and another Jan. 9. The purpose: to try to settle the world's ills by disarmament and the stopping of nuclear tests, among other things.

Bulganin wants the talking to start at the top. The Russians have brushed aside the idea of preliminary talks in the United Nations. They've done the same to the suggestion that the foreign ministers meet first to arrange details.

And in all his talk—or letter-writing—about disarmament Bulganin says nothing about a fool-proof inspection inside Russia and this country to prevent cheating by either side.

## Looking Backward...

TWENTY-FIVE YEARS AGO  
Claude Manlove, Kansas City, state manager for the Woodmen of the World attended a meeting of the Sedalia camp at which time it was announced a state convention of that body would be held in Sedalia April 17 and 18.

George R. Wilkerson, Hughesville, was at a dinner given by Berry McAlister at Columbia for nine old classmates and fraternity brothers of Gov. Guy B. Park. All members of Beta Theta Phi fraternity attended the University of Missouri.

1933  
Sedalia received a check for \$6,495.50 from the Reconstruction Finance Corporation, the amount expended for fuel and groceries for the needy unemployed and their families during the month of December.

1933  
R. A. Norfleet, former presiding judge of the Morgan County Court, died at his home at Excelsior, near Versailles. He twice served as representative in the Missouri legislature.

40TY YEARS AGO  
The coldest winter than at any time for many years prevailed in this area, thermometer readings in Sedalia showing from 21 to 28 degrees below zero. The low reading, at 28 was at the Economy Steam Heating plant at 4:30 a.m. At the City Light and Power Co. plant, a reading at 3:30 a.m. showed 24 degrees. Country roads were drifted full of snow, mauling farmers in many places.

1918  
T. O. Stanley, county highway engineer, sent instructions to all road overseers to get busy with graders and drags to move from the center of roadways the heavy snow that was hampering traffic.

1918  
Robert Stockton, St. Louis, who had been a guest of Mr. and Mrs. Arthur Kahn, Broadway and Prospect, returned to his home.

Yesterday Eisenhower answered Bulganin's Dec. 10 letter. It took him weeks to compose the reply but it had the effect also of answering the letter of Jan. 9.

Eisenhower said he's willing to meet with the Russians, but before there is such a gathering he wants the details of the discussion subjects worked out by experts on the various problems and by the foreign ministers.

Both letters—besides discussing the problem between the two countries—are meant as propaganda too. The people of not only the United States and Russia but of the rest of the world will be looking in on the correspondence.

Bulganin's Dec. 10 letter—very shrewd and well written—had a broad appeal because so many people, particularly in Europe, are anxious for some peaceful solution before there is war.

And Bulganin timed it for the moment calculated to do the most damage to the United States: just before Eisenhower went to Paris to talk with American allies in the North Atlantic Treaty Organization.

His next letter—broadcast last

Thursday—no doubt was intended to take the play away from Eisenhower, who on that very day delivered his State of the Union message to Congress. And in Europe he did offset Eisenhower.

But the President's reply was well done from the standpoint of trying to knock the steam out of Bulganin's proposals. The basic American position—one that both Eisenhower and President Truman followed—remains unchanged.

It's this: before this country disarms—or agrees with Russia to disarm and stop nuclear testing and so on—it must be sure through an inspection system that Russia can't run out on its agreement or plot war in secret.

Eisenhower laid down as the primary condition for any disarmament agreements that there be foolproof guarantees against cheating.

The next step seems to be up to Bulganin. He'll think of something, no doubt. Last week Secretary of State Dulles practically admitted in so many words Russia is doing a better propaganda job than this country.

### An Enduring Target

## Legislation Again Aimed For Billboard Standard

By Esther Van Wagoner Tufty  
Of Our Washington Bureau

WASHINGTON — Yankee persistence may pay off in controlling the billboard "menace" along the 41,000 miles of federal interstate highways.

The 15-year veteran Republican from Maine, Robert Hale, popped a bill in the hopper the very first day with some new lure.

The Hale bill would allow the states to use up to 3 per cent of their share of federal highway funds for purchasing advertising easements in accordance with Commerce Department standards.

The standards would ban billboards within 600 feet of the highway right-of-way. Of course, official road signs and certain others of help to the traveling public would be allowed.

Last year a billboard bill was voted down by the Senate committee while the House took no action whatever on an earlier measure proposed by Mr. Hale.

The billboard lobby was active. Many expect the diversion of interest to concern over sputnik-developments will make legislators do nothing about "safety and beauty" on the highways, 90 per cent financed by federal funds.

Over on the Senate side, Senator Richard Neuberger (D-Ore.) will again try to secure favorable action on his bill which the full committee tabled last session on a 7-6 vote. (Congressman Hale's present bill closely follows that defeated bill.)

Neuberger will receive powerful support from Secretary of Interior Sinclair Weeks and Federal Highway

way Administrator Bertram D. Tallamy, who told the committee the Administration favored some sort of federal legislation on these lines.

No date has been set yet either in the House or Senate committees for hearings on the measures.

## Thinking It Over

By Robert L. Dietschbacher, D.D.

Drooping shoulders and bent backs may result from the constant carrying of heavy weight, but we are told that physical lifting causes less bodily distortion than poor posture. Frequently twisted spines result from mental laziness. Folks do not stand up straight because it is easier to relax muscles than it is to consciously hold themselves properly.

Discouragement, disappointment and worry are so fatiguing that they often break down one's stamina to hold his body in a proper position. Mental and spiritual suffering actually sap human strength. Sin weakens people in every way.

If mankind is going to stand straight without physical and spiritual deformity he must seek the higher way. He can be relieved of sin, worry, frustration and discouragement. He must turn to God for help. There is no other force strong enough to order man to do his best.

These Boys Obeyed The Coach LARAMIE, Wyo. — Two sons of football coaches were on the Laramie High School football team this fall.

Quarterback and all-state selection for two straight years was 130-pound John Deti Jr., son of Laramie High School's coach. Also on the team was Mike Devaney, son of Bob Devaney, football coach at the University of Wyoming.

## HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

By JACK L. SIMION  
Jefferson City Correspondent

### Controversial Subjects Out of Session Call?

Gov. James T. Blair indicates that he will do his best to limit his special session call to appropriations and subjects which stand a chance of passage.

The coming session is necessary to appropriate funds for operation of the state government for another fiscal year. In addition, the governor has been swamped with requests for inclusion in his call to the session. (In a special session, only the governor's requests can be considered.)

Blair said recently that he would discuss with certain legislative members which requests might have the best chance of passing. "There's no use including things that the legislature wouldn't pass anyway," the governor said.

A special session of the general assembly can only last 60 days. A hot battle over a controversial subject without much chance of passage could use much of the valuable time which the governor feels should go toward considering appropriations and needed legislation.

Several of the governor's own pet projects will probably fall into this controversial category. These include proposed changes in the drivers license law to require all persons to take an examination before their license can be renewed and a state fire inspection law. The legislature turned down both subjects during the last regular session and further attempts at passage might consume a lot of time.

### Missouri Forges Ahead With Nursing Home Law

Missouri has taken a lead in solving its nursing home problems and other states are considering using similar licensing laws, according to Neil Wortley, state director of nursing home licensure.

The nursing home licensing law went into effect last spring after 72 nursing home patients died in a fire at Warrenton, Missouri had 630 nursing homes at the time. Many were considered unsafe because of poor sanitation and fire hazards.

Now, Wortley says some 50 homes have been completely licensed. He said 230 additional homes have complied with one or more major requirements of the law and nearly 100 others are sincerely trying to comply with the law.

Wortley said some 1700 patients were faced with the problem of finding new quarters after 220 nursing homes went out of business rather than to comply with the law. He said 700-800 of those patients went to other nursing homes, another large group took up residence in the homes of relatives and friends and about 100 cannot be accounted for.

Wortley said at present there is a critical shortage of nursing home beds in rural areas of central and south central Missouri. In other areas, he said, some nursing homes report vacancies.

The licensing official said old age pensioners in need of nursing home care have been the biggest problem. These people have incomes of only \$60 a month and it's difficult for a home to provide care for that small amount. But in some counties, Wortley said, county courts are supplementing the state welfare checks of pensions in nursing homes in place of operating a county home for the aged. Some counties, he said have discussed building nursing

homes through revenue bonds and leasing them to non-profit organizations.

Although these discussions haven't gotten off the ground yet, Wortley thinks the idea of county-built nursing homes which could be operated by a non-profit corporation might be the answer for the old age pensioner who needs nursing home care.

### Battle Promised On Funds For Prevailing Wage Law

Although repeal of the state's new prevailing wage law isn't too likely in the upcoming special legislative session, a battle to cut off funds to enforce the law seems a certainty.

The new law went into effect last Sept. 1. It requires the state, counties, cities and school districts to pay workmen building public projects the prevailing wages of the area. The state industrial commission has the authority to determine what the prevailing wages are.

Rep. Charles James (D-Dunklin County) has promised to lead a fight to oppose appropriations for the industrial commission. The commission now has no funds for enforcing the prevailing wage law but has gone ahead with the law regardless. Stephen Millet, chairman of the commission, said he would ask for at least \$125,000 to hire a 22 man staff to investigate wages on public projects.

James said he did not believe the prevailing wage situation would be improved by granting the appropriation. The wage investigators who would be hired, James said, would probably be "pro-labor." This has been one of the complaints against the law. The prevailing wages as determined by the industrial commission in many rural counties have been union wages rather than the actual wages being paid to a majority of workmen.

Rep. James also plans to introduce a bill to repeal the prevailing wage law if he is elected to the 70th general assembly which will meet in 1959.

The city of Joplin is one of the latest to protest against wage determinations under the prevailing wage law. Joplin has been ordered by the state health department to improve its sewage system and a \$1,450,000 bond issue for that purpose was approved last spring. Now, the Joplin city council has found that the bond issue won't be big enough because of high wage determinations. Loyd Roberts, city attorney, said building costs of the Joplin sewage improvements would be 25 to 30 per cent higher than the estimates because of the prevailing wage law. An appeal by the city of Joplin has been set for hearing by the industrial commission for Feb. 2.

# Ike Proposes A Reduction In Farm Program Support

## Cuts to Come From Changes In Policies

By OVID A. MARTIN

WASHINGTON (AP)—A 6% per cent cut in spending for farm programs was proposed by President Eisenhower today for the coming fiscal year. He held up the prospect of still greater reductions in later years.

The reductions would come from changes in present farm policies, which Eisenhower said place a heavy burden on taxpayer and complicate foreign trade relations.

In a budget report to Congress, Eisenhower outlined expenditures of \$4,981,000,000 for the Agriculture Department—including \$4,600,000,000 for the various domestic farm programs—during the fiscal year beginning July 1. This would be 346 million dollars less than the total indicated spending for this year.

Most of the savings would be on programs for support of farm prices and stabilization of agricultural income.

Looking beyond the new fiscal year, Eisenhower foresaw considerable savings if Congress accepts recommendations he said he soon will make for lower price support levels and for removal of some government controls now affecting farmers.

Production per farm worker has doubled in the past 15 years, Eisenhower noted, "and we cannot successfully continue with present obsolete legal formulas governing acreage allotments and price supports."

He said present programs tend to price farm commodities "as if they were scarce," rather than abundant. The result, he said, is overproduction, restricted markets and costly government purchases of surpluses.

Eisenhower also proposed to cut 100 million dollars off an annual 225 million dollar agricultural conservation program paying subsidies to farmers for carrying out conservation measures. This reduction, however, would not be reflected in the department's budget until the 1960 fiscal year.

Eisenhower recommended the continuation of foreign surplus disposal operations. He said he would recommend another year's extension—with an additional spending fund of 1½ billion dollars—of the Agricultural Trade Development Act. This measure authorizes sale of surpluses abroad for foreign currencies.

He proposed that the soil bank program—enacted in 1956 with an annual subsidy authorization of up to \$1,200,000,000 a year—be cut next year to 450 million. This would be 375 million less than was authorized for this crop year. His proposal would abandon the year-to-year acreage reserve part of the program and concentrate wholly on the longer range conservation reserve. The program says farmers for retiring land from production.

The President estimated that \$3,253,000,000 of the department's spending in the coming fiscal year would be for stabilization of prices and income compared with \$3,628,000,000 estimated for this year.

Eisenhower disclosed that he will ask Congress to extend the National Wool Act which uses government subsidies to supplement growers' returns, and to enact legislation which would require a greater sharing by states of the cost of farm disaster relief programs.

Other proposed farm outlays compared with figures for this year included: Research \$157,839,000 and \$173,363,000; Soil Conservation Service \$111,245,000 and \$104,733,000; Agricultural Marketing Service \$287,094,000 and \$282,540,000 (which included 100 million for the school lunch program both years); Forest Service \$158,351,000 and \$161,862,000; Rural Electric power and telephone loans 376 million and 338 million; Farmers Home Administration for loans and other aid to low income and distressed farmers \$218,309,000 and \$291,451,000, and crop insurance \$6,861,000 and \$1,073,000.

The President said he would recommend that Congress authorize the REA to seek lending funds from private sources under a government insured loan program.

Other proposed farm outlays compared with figures for this year included: Research \$157,839,000 and \$173,363,000; Soil Conservation Service \$111,245,000 and \$104,733,000; Agricultural Marketing Service \$287,094,000 and \$282,540,000 (which included 100 million for the school lunch program both years); Forest Service \$158,351,000 and \$161,862,000; Rural Electric power and telephone loans 376 million and 338 million; Farmers Home Administration for loans and other aid to low income and distressed farmers \$218,309,000 and \$291,451,000, and crop insurance \$6,861,000 and \$1,073,000.

The President said he would recommend that Congress authorize the REA to seek lending funds from private sources under a government insured loan program.

WASHINGTON (AP)—President Eisenhower's spending budget for fiscal 1959 comes to \$427.86 for each American man, woman and child.

Missiles alone—research, development, production, missile ships and construction for the program—will cost \$30.67 per American.

The national debt figure, estimated as of July 1 at \$271,000,000, amounts to \$1,469.44 for every person.

The figures are based on the official Jan. 1 population estimate of 172,900,000.

### Use Trial Basis

## Warns of Moldy Sorghum In Winter Stock Feeding

Be careful of moldy sorghum grain in livestock rations this winter, say Missouri Agricultural Extension Service specialists. Many farmers have this damaged grain on hand and would like to make use of it.

Livestock specialists say hogs are fairly tolerant to the moldy grain, but go easy in feeding suspicious grain sorghums to cattle and poultry. And don't feed to sheep.

Young chickens and turkeys are highly susceptible to intestinal disorders, and it's a good idea to be cautious in feeding bad grain to the laying flock, too. Poultry specialists suggest feeding one or two hens on a trial basis before feeding the doubtful grain to the entire flock.

Specialists say sheep are highly susceptible to digestive distur-

ances and shouldn't be fed damaged grain.

If the sorghum grain isn't damaged greatly, cleaning and grinding may help.

Hogs are fairly tolerant of dangerous molds that may be found on this year's high-moisture grains, and small amounts of damaged grain in wintering rations for cattle aren't likely to cause trouble. However, small calves are liable to be troubled by bad grain, and cattle on full feed may get enough of the damaged grain to go off feed, and in some cases, die.

As for dairy cattle, feeding one or two animals on a trial basis is advised. Actually, dairy specialists say moldy sorghum is usually not harmful to dairy animals when the amount in the ration doesn't exceed 25 to 30 per cent. Again, specialists say moldy feed should never be fed to calves.

## Balanced Diet Is Necessary, Says Expert

If silage is included in the ration for ewes and sows this winter, remember that proper supplements are necessary in the ration, too, says Bill Pugh, University of Missouri extension livestock specialist.

Probably the best winter ration for ewes, says Pugh, is to give all the legume hay she can eat. Silage can be used as hay replacement but not completely. The ewe needs some dry matter. Three to four pounds silage plus all the legume hay the ewe will eat up till six weeks before lambing is a good ration, says Pugh.

If legume hay isn't available, feed some dry hay to the ewe even though the quality isn't good. Add some soybean or cottonseed meal as protein supplement to balance this type ration at one-fourth of a pound per ewe. And a bone-meal-salt mixture should be self-fed.

Good corn silage is a definite advantage in sow rations, says Pugh. Tests have shown that silage plus supplement as compared to a conventional mixed ration to bred sows resulted in 25 per cent lower feed costs, one to three more pigs per litter at farrowing and two to three more pigs per litter at weaning.

Allow 12 to 14 pounds of silage per sow per day, says Pugh. Make two feedings a day. Supplement this with 1½ pounds of a good protein supplement.

Some additional grain may need to be fed depending on silage quality and sow condition. However, Pugh says, if maximum silage consumption is desired, don't feed more than one-half to one pound of corn per sow per day.

## New Physical Repairs Given Texas Prisoner

HOUSTON, Tex. (AP)—New faces and other physical repairs through plastic surgery are giving Texas prisoners a new outlook when they are released.

O. B. Ellis, general manager of the state prison system, says the program has benefited 450 prisoners.

"It is a proven factor of criminology that facial deformities and other disfigurements that contribute to personality complexes and handicap a man in finding work are closely related in many cases to the crime a man commits," Ellis said.

## Tax Guide Available At Extension Office

Farmers may get free copies of the 1958 Farmer's Tax Guide at local county extension offices. This booklet is written especially for farmers and is intended for use in preparing Federal income tax returns for calendar years 1957 and 1958.

Most of the income tax rules which concern farmers are explained in the booklet, along with sample records and forms.

## Barrow Show Entry Deadline Is February 1

Entries are now being accepted in Missouri's first Annual All-Breed Barrow Show, says Bill Pugh, University of Missouri extension livestock specialist.

Any swine producer, purebred or commercial, in Missouri is eligible to enter any of the four classes in the show. Class I is a new idea in barrow competition, an on-foot carcass contest. Barrows in this class will be judged on foot, then the ten top hogs will be slaughtered and judged again in Class II as to carcass. Swine-men will be able to make a comparison on the second day of the show between the carcass judging and the way the barrows appeared on foot.

Class III is for light weight barrows from 190 to 210 pounds and Class IV for medium weight barrows, 211 to 230 pounds. A fifth class will be made up of the champion barrow winners from classes three and four to select the top barrow for the entire show.

Deadline for entries is Feb. 1, 1958. Entry blanks and rules of the show are available at county extension offices, or may be obtained by writing Frederick Lovercamp, Smithton. The show is sponsored by the Missouri Swine Producers Association and the Missouri College of Agriculture.

## Warm Engine Works Better For Farmers

It's easy to overlook water or anti-freeze in farm tractors during winter-time operation, says Don Brooker, University of Missouri agricultural engineer.

Tractor engines are designed with excess cooling capacity to handle heavy loads in hot weather. But in winter, cold operation is hard on the engine. Tests have shown that an engine operating at 100 degrees has six times more cylinder wear than one operating at 180 degrees, says Brooker.

Therefore it's necessary to let the engine warm up before going out on those winter chores. Three things can be done to reduce cold engine wear, suggests Brooker. Make sure the thermostat is doing its job. A good thermostat stops water circulation until the engine has warmed up.

Close the radiator curtain or shutter until the engine is warm. Then open the shutter just enough to maintain the proper temperature.

And, wait until the engine has warmed to a good operating temperature before pulling loads. It takes more fuel and more time to warm the tractor engine properly in winter, but it will save costly engine repairs later.

**Lime Meeting at Smithton**  
A fifth lime meeting has been scheduled for Monday night, Jan. 20. It will be in the high school at Smithton and will start at 7:30. The schedule will be similar to the four meetings to be held this week.

It will start with two motion pictures. One is a black and white film on "How to Take a Soil Sample." The other is a colored film on fertilizers and is entitled "Pay Dirt." After the pictures I will take some time to review the most recent methods of figuring calcium and magnesium needs.

This new procedure is similar to what we have been using. However, we have been going from pounds of calcium to tons of limestone. With the new procedure we leave it as pounds of calcium and magnesium and report it on that basis.

After you get the calcium and magnesium needs on the recommendation sheet you divide those figures by the amounts of calcium and magnesium per ton in the lime material you will be buying. If you need three tons of that material to get the calcium and two tons to get the magnesium the three tons will of course, be

**To Make Soil Tests At Lime Meetings**

Some figuring on lime needs will be done at the lime meetings scheduled from Jan. 13 through Jan. 20.

Because of that, folks attending are being urged to bring their own soil test results and a recent soil test on which to figure.

Plans are to have each person take one of their own soil tests and figure the calcium, magnesium and pH needs. Then they will take the analysis from a local quarry and figure how many tons of material will be needed to satisfy the need of that particular field.

The schedule of meetings includes Green Ridge, on Monday night, Jan. 13, Houstonia High School, Tuesday night, Jan. 14, Cartwright School Thursday night, Jan. 16, the Sedalia Business College on Friday night, Jan. 17, and Smithton High School, Monday night, Jan. 20. All meetings start at 7:30 and will close with refreshments.

**Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription**

**Stops Attacks in Minutes... Relief Lasts for Hours!**

New York, N. Y. (Special)—The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription.

Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurrence of painful asthma spasms.

This formula is so effective that it is the physicians' leading asthma prescription—no safe that now it can be sold—without prescription—in tiny tablets called Primatene®.

Primatene opens bronchial tubes, loosens mucous congestion, relieves asthmatic tension. All this without taking painful injections.

The secret—Primatene combines 3 medicines (in full prescription strength) found most effective in combination for asthma distress. Each performs a special purpose.

So look forward to sleep at night and freedom from asthma spasms... get Primatene, at any drugstore. Only 98¢—money-back-guarantee.

## Coaches Have New Problem; Conversion

PORT LAUDERDALE, Fla. (AP)—Football coaches have a new strategy problem to cope with today: Is it better to try for a one-point conversion after a touch-down, or gamble for a two-point conversion.

That option — one point if kicked, two points if by a run or a pass — was written into football law yesterday, along with a more liberal substitution rule and several other changes.

The new scoring rule, first change in football's point system in more than 40 years, and other revisions were adopted at the closing session of the Football Rules Committee of the National Collegiate Athletic Assn.

The scoring change — designed to reduce the number of ties and boost fan appeal — came as a surprise. Proposed by Committee Chairman H. O. (Fritz) Crisler, athletic director at Michigan, the rule originally was scheduled for a year's study by a subcommittee.

"Sure it'll kick up a controversy," said Crisler.

Opinion of coaches was divided. Several agreed with Crisler the change would make football more exciting and "open up the game." Other reaction includes such remarks as "very interesting" ... "I like" ... "Progressive" ... "a good idea" ... "fewer teams will kick" ... "teams will still go for the kicked extra point" ...

On the other side: "Ridiculous." ... "They're de-emphasizing kicking." ... "can't see any great merit to the thing."

Red Sanders of UCLA and Blanton Collier of Kentucky were among those voicing approval. Terry Brennan of Notre Dame called it ridiculous.

The change in the substitution rule was designed to help small colleges with limited squads, Crisler said. Effective immediately, both starters and substitutes will be able to make two appearances in each quarter. For the past three seasons, only the players who started a quarter could leave and be eligible to return during the same quarter.

## Plot Thickens Around Texas Coach Naming

COLLEGE STATION, Tex. (AP)—The plot thickened around the Texas A&M College football coaching situation today with Navy's Eddie Erdelatz and Iowa State's Jim Myers both appearing confident of the job if they want it.

Aggie officials denied knowing anything about contacts with Erdelatz.

The Texas A&M athletic council plans to recommend a coach to the college board of directors this morning. Erdelatz was to fly to Texas today, reportedly to talk with Aggie officials here tomorrow, but the time and place of the meeting could not be pinned down. Myers, twice interviewed by the athletic council, was to announce his decision this afternoon. Until yesterday, Myers was considered the No. 1 candidate. Dr. C. H. Groneman, Texas A&M athletic council chairman, said, "I don't know anything about Erdelatz being contacted except what I've read and heard over television. No member of the athletic council has contacted Erdelatz."

Capt. Slade Cutter, director of athletics at the Naval Academy, said, however, Jack Finney of Greenville, Tex., a member of the board of directors and the athletic council, had approached him last week and asked permission to talk with Erdelatz.

Finney said, yesterday that "we have no comment. All I can say at this time is that we will make our recommendation to the board of directors (today)."

## Decision Time Near For Dodger Club Site

PASADENA, Calif. (AP)—The time is at hand for a decision on whether Dodger boss Walter O'Malley gets the Rose Bowl as a playing site.

The engineers, architects and cost experts have come up with facts and figures. O'Malley knows what he'll have to spend to convert the football stadium into a baseball park.

Some outsiders have the notion that the cost is prohibitive and that O'Malley is going to skip both the Rose Bowl and the Los Angeles Memorial Coliseum. They believe he'll decide on Wrigley Field, which accommodates only 22,000.

Buz O'Malley and his aides have claimed all along that they are earnestly negotiating for the Rose Bowl and that they are convinced it can be made into a first-class baseball plant.

## Bill Casper Wins Crosby Tournament

PEBBLE BEACH, Calif. (AP)—Affable Bill Casper, who continues to gain golfing stature while he watches his waistline, banked a fat \$5,500 today as his winning share of the Bing Crosby Tournament.

With the \$2,000 he picked up as third-place winner at Los Angeles the previous week, Casper's cash register has clinked at an average of about \$592 per day for 1958.

The 26-year-old ex-sailor, a 215-pound Californian from Apple Valley, captured the \$4,000 top prize in Crosby's 72-hole \$50,000 event yesterday with an 11-under par score of 277 for a four-stroke buge.

His final 18 was a 1-under-par 71 over the picturesque but tricky Pebble Beach course bordering the Pacific.

He collected another \$1,500 as he and his amateur partner, former Stanford football star Bob Reynolds, finished second with a best-ball total of 261. That was a stroke off the \$2,000 winning pace of pro Jay Hebert and former California amateur champ Roger Kelly from North Hollywood, who carded a 260.

Casper also hit the most sensational shot of the tourney. It was a 135-yard belt with a No. 9 iron on the 11th hole that bounced twice and dropped into the cup for an eagle 2. That sewed up victory.

Second place and \$2,400 went to 24-year-old Dave Marr, Rumson, N. J., who carded 72 and a 281 total.

Deadlocked at 284 were Dow Finsterwald, Tequesta, Fla.; Jack Burke Jr., Klamath Lake, N. Y. and Ken Venturi, San Francisco. Their payoff was \$1,633.33.

Down the list and getting just the \$100 paid each pro finishing were U. S. Open champion Dick Mayer and PGA champ Lionel Hebert, both with final scores of 79 and totals of 300.

Bob Rosburg, Napa, Calif., who led by five strokes at the halfway point and was tied with Casper after 54 holes, blew to an 81 for a 287 total that brought him only \$975 in prize money.

## Springfield Puts Record On the Line

By THE ASSOCIATED PRESS

The Springfield Bears have put their perfect basketball record of 12 victories, two of them in M. I.A.A. competition, on the line in a pair of conference games this week.

Coach Eddie Matthews' Bears will play the Rolla Miners, 0-2 in the M.I.A.A., at Springfield Wednesday and Cape Girardeau (1-1) at the Cape Saturday.

In the M.C.A.U., the defending champion William Jewell Cardinals will meet Central at Fayette tomorrow night, Tarkio at Liberty Friday and then take on Grace-land (1a) in a road game Saturday.

Here's the complete schedules:

M.I.A.A.

Tuesday — Missouri Valley at Westminster, William Jewell at Central, Carthage (III) at Culver-Stockton, Lewis (III) at Rock-hurst, Wednesday—Drury at Ft. Leonard Wood, Friday—Westminster at Culver-Stockton, Tarkio at William Jewell, Saturday—Tarkio at Drury, Parsons (1a) at Culver-Stockton, William Jewell at Grace-land.

In the M.I.A.A. last Saturday the Maryville Bearcats beat Cape Girardeau 65-62 at Maryville, and Kirksville trimmed Rolla 62-54 at Rolla. Ray Marlin scored 29 points to pace the Maryville victory. Kirksville hit a total of 34 free throws in beating Rolla. The Miners outlived the teachers from the field, 19-14, but scored only 16 free throws.

The action was lively in the M.C.A.U. with Culver-Stockton edging Drury 69-67 and William Jewell taking Missouri Valley 77-58 in conference play. The Central Eagles nipped Graceland 81-67 and Tarkio was beaten by Kansas City University, 82-90 in non leaguers.

The standings:

	W	L	Pct.
William Jewell	1	0	1.000
Culver-Stockton	1	0	1.000
Tarkio	1	1	.500
Drury	1	1	.500
Westminster	1	1	.500
Missouri Valley	1	2	.333
Central	1	2	.333

M.I.A.A.

	W	L	Pct.
Springfield	2	0	1.000
Kirksville	1	0	1.000
Cape Girardeau	1	1	.500
Warrensburg	1	1	.500
Maryville	1	2	.333
Rolla	0	2	.000

## Cramer, Cetinsky Lead in Pin Tourney

MINNEAPOLIS (AP)—Morris Cramer of Albany, N. Y., and Sophie Cetinsky of Cleveland were leading the all-star bowling tournament when the second of four days of qualifying action ended Sunday night.

Cramer, a pale, spindling bowling proprietor, crated a hefty 1320 series from games of 186, 225, 216, 214, 210 and 269, giving him a 12-game total of 2591.

Cramer's big spurge in the final game knocked Dick Selgo of Port Clinton, Ohio, from the top of the standings. Selgo had led through the first three squads with 2532.

Mrs. Cetinsky's 1528 grand total boosted her ahead of Charlotte Kardas of Grand Rapids, Mich., in second place with 1525.

TOP KEGLERS — Don Carter, St. Louis, and Mrs. Marion Ladewig, Grand Rapids, Mich., won men's and women's crowns of first world's invitational bowling tourney in Chicago.

## His Status Not Too Clear

## Chamberlain's Health Is Key To Prospects for Jayhawks

By SKIPPER PATRICK

The ASSOCIATED PRESS

The Kansas Jayhawks' hope of successfully defending their Big Eight conference basketball title and making another strong run for national honors seems to depend entirely on how well Wilt Chamberlain has recovered from his recent illness.

The Jayhawks, currently rated No. 2 nationally, won their first 10 games as the 7-foot All-American set a national major college scoring pace of 32.2 points a game. With Chamberlain on the ailing list, Kansas has lost its last two games—to Oklahoma State and Oklahoma.

Chamberlain gets back into action tonight against Colorado (3-7), at this point the weakest team in the Big Eight. The game is at Lawrence. The Jayhawks meet Missouri (7-5) in another league game at Columbia Saturday.

With the status of Chamberlain not too clear at present, the race for the Big Eight title shapes up as a four-cornered affair involving Kansas, Kansas State, Oklahoma and Iowa State.

Oklahoma has been the surprise of the early season. The Sooners, who lost Ace Don Schwall to a

pro baseball contract, knocked off Colorado 51-41 at Boulder Saturday after trimming Kansas 64-62 on Tuesday. They lead the league standings at 2-0 and have won 9 of their 11 games.

This could be the make-or-break week for Oklahoma. The Sooners play Nebraska (5-8) at Lincoln tonight. Saturday they meet powerful Kansas State (11-1) at Norman. If Oklahoma can win these two it must be considered a strong shot for the title.

Iowa State (7-4) will engage Drake at Des Moines tonight in the only non-conference game of the week. The Cyclones play Nebraska at Lincoln Saturday.

In other conference games Saturday, Iowa State opened its conference scheduled by beating Missouri 62-55 at Ames, and Kansas State, ranked No. 4 nationally, toyed with Nebraska 74-56 at Manhattan.

All seven Iowa State players figured in the scoring and Missouri never managed to get into the lead. Sonny Siebert, Missouri junior, was the game's top scorer with 19 points.

Tall Jack Parr had his best night of the season in leading Kansas State to its victory over Nebraska. The 6-9 senior scored 20 points and grabbed off 20 rebounds.

## Sucic Resigns Post On K-State Staff

MANHATTAN, Kan. (AP)—Steve Sucic resigned Saturday as assistant football coach at Kansas State College and H. B. Lee, athletic director, expects to hire a replacement soon.

Sucic accepted a similar job at the University of Illinois, where he played football 1941-42.

Coach Bus Mertes said Sucic "has done a fine job here the past three seasons. Much as I hate to lose him, I can understand his wanting to return to his own school."

Oklahoma, Houston and Oregon State were the only major colleges to retain sectional titles in 1957. Oregon State tied Oregon for the Pacific Coast Conference crown.

When not riding, three-time jockey champion Bill Hartack keeps in shape by water skiing and swimming near his Miami Springs, Fla., home.

**STOP DREAMIN' BOYS**  
(This Ain't Florida)

Isn't this a pretty sight . . . maybe right after breakfast? The only trouble is . . . it just ain't so. The only thing that greets us after breakfast in cold Missouri is that miserably cold car.

Why not make it easy on yourself, fellow? If you want to keep that happy frame of mind . . . if you want to prevent the rude shock of a car that won't start . . . of a car that creaks and moans . . . take advantage of the expert automotive service we offer and then . . . you're sure that car will start.

## Philadelphia Will Resume Top Boxing

By THE ASSOCIATED PRESS

Philadelphia climbs back into the big time in boxing Wednesday with a 12-round welterweight elimination match between Vince Martinez of Paterson, N. J. and Gil Turner of Philadelphia.

The National Boxing Assn. ruled Saturday that the winner will meet Isaac Logart within 60 days for the title vacated by Carmen Basilio, when he moved up and won the middleweight crown.

Logart won the first bout of the welter elimination series when he outpointed Gaspar Ortega at Cleveland, Dec. 6.

The result of the Logart-Martinez or Turner fight may result in two "world" champions.

When Virgil Akins knocked out Tony Demarco in Boston Oct. 29 the scrap was billed for the title. As a result of the subsequent bickering, Massachusetts has withdrawn from the NBA. Akins and Demarco are fighting again in Boston, Jan. 21, in a bout listed by Massachusetts as for the world title.

The Logart-Martinez 12-rounder will be carried on ABC-TV starting at 9 p.m. (CST).

Harold Johnson hopes to move another step closer to a second title shot in the light heavyweight class by beating Wayne Bethea in a Friday bout (NBC-radio-TV) at Syracuse, N. Y.

Both the NBA and Ring magazine rate Johnson No. 1 in the division behind champion Archie Moore.

Frank McKinney of Indianapolis and Al Wiggins of Pittsburgh won three National AAU swimming titles each in 1957.

# European Press Is Relieved At Chance for Summit Talks

LONDON (AP) — West European newspapers today expressed relief that President Eisenhower had kept alive the prospect of a summit conference on East-West problems.

There also was some criticism of the contents of the President's letter to Soviet Premier Bulganin—a feeling that Eisenhower may have defined too carefully the conditions under which he would attend a meeting of government leaders.

Despite this, however, there was a general feeling in papers of various political hues that an "if" from Eisenhower was better than a "no" to Russia's propaganda hammering for East-West talks.

Llewellyn Thompson, U.S. ambassador to Russia, delivered Eisenhower's 4,000-word reply to the Soviet Foreign Office in Moscow.

There was no immediate reaction in the Soviet press or radio. The Communist party organ Pravda published Bulganin's letters to the prime ministers of Belgium and Denmark but made no mention of the delivery of Eisenhower's reply.

It is usual Soviet practice to withhold publication of such communications or even comment on them until the Kremlin has replied.

Eisenhower's letter drew more barbs from the British press than elsewhere.

The Laborite Daily Herald asserted that U.S. Secretary of State Dulles, "with his eternal 'No, no, no,' is becoming as great a menace to peace as was Mr. Molotov in the first years after the war."

The Liberal Manchester Guardian took this editorial view: "Mr. Dulles seems to have won. The reply by President Eisenhower... leaves little hope that there can soon be fruitful negotiations at the summit."

The Conservative Daily Mail said the letter contained "no answering challenge."

Paris papers were kinder. The Conservative Figaro predicted the French public would greet the President's reply with "satisfaction and relief."

Italian papers gave Eisenhower's letter wide play.

LAUGH TIME — John Wayne and Eiko Ando, his Japanese leading lady, share a humorous moment while enjoying respite during filming of "Townsend Harris Story" in Kyoto, Japan.

## Shirley Temple Makes TV Return On 'Storybook'

By BOB THOMAS

HOLLYWOOD (AP) — Shirley Temple has made her return to show business after a nine-year absence demonstrating anew on a television fairy tales series what an old (29) pro she is.

The blonde curlytop star of the 30s, now a brunette mother of three, made her TV debut last night on the Shirley Temple Storybook, first of 16 programs on children's classics. She performed flawlessly, rising above some backstage noises heard behind her lines.

"I didn't even hear them," she said afterward. "I was concentrating too hard on what I was doing."

Strikingly beautiful, she had little to do but introduce and narrate the version of "Beauty and the Beast," starring Charlton Heston and Claire Bloom. She also sang the theme song, "Dreams Are Made for Children," her first professional singing in almost 20 years.

"I had a wonderful time," she said after the show at a party with her husband, electronics official Charles Black, and her parents. "I am anxious to do more."

She'll get a chance in future shows. Shirley will act in at least three of the fairy tales.

## Demands Jail For Purchase By American

BERLIN (AP) — An East German court prosecutor has demanded 10 months in jail for an American doctor accused of making an illegal camera purchase.

The Communist party organ Neues Deutschland said Dr. Walter Steinberg of Alhambra, Calif., was picked up last June along with Josef Gutmann, a Swiss national for whom five years was asked on the same charge.

The paper did not say when the trial began or when sentences would be made known.

R. C. O'Brien, U.S. consul in West Berlin, confirmed the arrest of Steinberg, born in Philadelphia in 1922, but said he had heard the doctor was arrested in September.

O'Brien said he had asked Soviet authorities in East Berlin to investigate but had received no reply. The United States, which does not recognize the East German government, deals with the Russians in such cases.

Neus Deutschland gave this account:

Steinberg came to Berlin on a world tour and planned to visit Moscow. He met Gutmann in West Berlin and the latter promised to obtain a Soviet visa, claiming good relations with Soviet officials.

Instead of carrying out his promise, Gutmann used Steinberg's American car for smuggling.

## Baby Born Saturday To Monica Lewis

HOLLYWOOD (AP) — Singer Monica Lewis and Jennings Lang, vice president of Music Corp. of America, are the parents of a baby boy, their first child, born Saturday night.

gling illegally purchased typewriters out of East Berlin.

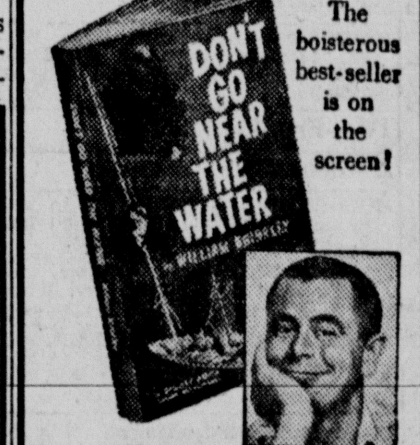

The paper said the trial confirmed Steinberg's claim he did not know about Gutmann's dealings except for one incident—that he asked the Swiss to get him a camera for 2,500 East marks (\$144 on the open market).

## Overdue Boat Reaches Port With Two Safe

FORT MYERS, Fla. (AP) — A 31-foot fishing boat overdue and almost given up for lost in the Gulf of Mexico reached port safely late Saturday with two of its three crew members.

Charles Shoemaker, 51, and Jack Martin, 47, were in good condition and spirits although they said they had been cold, hungry, thirsty and tired after battling stormy weather in a disabled boat for more than a week.

They said the skipper, John P. Lynn, disappeared the night of Jan. 6 while they were asleep below decks. They believed he was washed overboard. All were from Madeira Beach, near St. Petersburg.

The vessel Time sailed Dec. 30 for a fishing trip of about six days. The storm hit Jan. 1 while they were about 50 miles southwest of St. Petersburg.

Waves pouring over the small boat soon drowned out the engine. The Time drifted almost helplessly for eight days.

Some of the meat and bread was spoiled by the salt waves. The drinking water soon ran out.

The catch of 1,000 pounds of snapper and grouper was thrown overboard to lighten ship. The ice which kept the fish fresh was melted for drinking water.

They lived almost entirely on canned beans the last few days. Last Wednesday the storm died down. They got the engine running again and reached Captiva Island, off Fort Myers.

## Ike Needs Boss, Truman Says

NEW YORK (AP)—Former President Harry S. Truman says President Eisenhower "was a great military commander in Europe and in NATO, when he had someone to tell him what to do."

"He is a fine, honorable gentleman," Truman said of the President yesterday before launching into an attack on the President's leadership ability.

"Who told him what to do?" Truman was asked by a newsman.

"The commander in chief," Truman said.

"You were commander in chief?"

"Yes," Truman replied, saying, however, that that was not the point he wished to stress.

"I do not think President Eisenhower is a good policy maker, and he doesn't carry out the policies he does make," the former President told reporters gathered in the lobby of a Manhattan hotel.

The newsmen were there to accompany Truman on his usual morning walk, which he passed up to work on scheduled speeches.

Truman made a similar criticism of Secretary of State John Foster Dulles.

The secretary "did pretty well" when he was a consultant to the State Department under then-Secretary Dean Acheson, Truman said, adding: "Dulles needs a boss. He doesn't have one."

## Johnson Says US Is Slow In Space Race

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex.) said today the United States still is employing only "half-measures" in its effort to pull abreast of Russia in missile and satellite developments.

Johnson, chairman of the Senate Preparedness subcommittee, said he believes there is "no longer any question about the specific dangers that face this nation because of Soviet advances in the missile field."

"But I do not believe we can claim to be putting our whole heart into our defense when we are engaged in half-measures," he said in an interview. "According to the sworn testimony of the men responsible for producing missiles, we are neither doing nor planning to do everything that can and should be done."

Johnson's estimate of the problem this country faces coincided largely with that of Sen. Know-

land of California, the Senate's Republican leader.

Knowland said in a speech at Lexington, Va., that the Soviets "have a long-range missile capability which must not be underestimated."

"The challenge facing this coun-

try is to make sure that we overtake the Soviet lead in the missile field and that we retain a deterrent power in our Strategic Air Command that would effectively persuade the Soviet Union that they cannot commit aggression against us without suffering devastating counterblows."

But House Republican Leader Martin (Mass.) contended "America today is stronger than the Soviets in the missile field."

He said in a television interview that "we are well able to protect our country if the need should come," and added that he spoke "as one who has had information available that would make me make this statement."

He gave no specific details.

## Students Are Getting Ready For Mid-Term Examination

By Jim Couchig  
The students of Sacred Heart are busy studying for the annual mid-term exams which will be held Thursday and Friday of this week. School will let out at noon after the tests have been taken.

## Congressional Leaders Hope To Cut Budget

WASHINGTON (AP)—Congressional fiscal leaders said today they will do what they can to cut the record peacetime spending budget President Eisenhower sends to Congress today.

Government sources disclosed last week the budget would call for spending of more than \$73,800,000,000, and Eisenhower said in his State of the Union message it "will roughly balance." The sources said the balance was precarious, and said a deficit now was expected for the current year.

But even before the new budget's formal submission, key House members indicated they were more hopeful of assuring a bigger balance than they were of avoiding an increase in the national debt limit, now 275 billion dollars.

Chairman Cannon (D-Mo) of the House Appropriations Committee, where money-spending bills originate, said most of the 16 subcommittees handling the over-all budget in piecemeal fashion would start hearings almost immediately.

Cannon expressed regret the budget for the 12 months starting next July 1 will provide for a surplus less than one billion dollars if revenues keep up with expectations.

"The attitude of our committee," he said, "is that money for legitimate defense needs must be provided without question. There is some feeling, though, that since the Pentagon has about eight billion dollars in unexpended funds which won't be spent for several years, they might dip into that instead of using new funds. We can always provide the money later if it should be needed."

Since defense needs account for more than half the new budget, Cannon said "We are going to cut much deeper than we usually do in nondefense items."

Rep. Taber of New York, top Republican on the appropriations committee, agreed with Cannon the 1959 budget must be kept in balance if at all possible.

"I have never seen a budget that couldn't be cut," Taber said. "It will be difficult but we will give it a try. We won't be too backward about it."

Due to stepped-up defense programs, the 1959 budget will provide the highest government spending since World War II and will be only slightly below the 74.3 billion dollars in the fiscal 1953 budget, when the Korean War was at its peak.

The 1953 outlay, however, included highway spending now financed out of a separate trust fund not included in the figure for 1959.

## Otterville Man Attends Administration Course

Sp-2 Hubert D. Burford, Jr., a member of Hq. 35th Infantry Division, Sedalia, is attending the Army Basic Administration Course at Ft. Leonard Wood, Mo. The course which is eight weeks long began Monday, January 13.

Specialist Burford is the son of Mr. and Mrs. H. D. Burford, Sr., Otterville.

in participating may consult their homeroom teacher for further information and instructions. All grades are eligible to enter the contest and prizes will be awarded the winners.

The Pettis County Medical Society has endorsed the Polio Vaccination Program to be given to the Sacred Heart student body. There is no charge for the first two shots of the series which will begin Jan. 15-17 with the second of the series to be given during the week of Jan. 27-31. The final shot will be given by the family physician.

The juniors held class meetings last Wednesday and Thursday with President John Boul presiding. During the course of the meeting the selling of doilies and the holding of a parish dance were decided upon to raise money for the Junior-Senior prom.

Sister M. Feliciano returned to school last Friday after a brief absence because of illness. Sister Feliciano has recently replaced Sister Everlids in teaching English III, and also acts as the school librarian.

As the first half of the basketball season comes to a close, the Gremlins are left with a record of eight wins and nine losses in over-all play. In conference play they posted a record of three wins and four losses. Although this record is not as impressive as last year's it must be remembered that this year is chiefly a time in which Coach Palmer Nichols intends to rebuild his team.

Marked improvements of all the teams in the PBCAA Conference makes the competition even rougher for the Gremlins.

The Sacred Heart Gremlins will lean strongly on their captain, Don Ressel, in their games. Don has a 26-point average this year which is believed to be the best in the surrounding territory. This will again hold true when the Gremlins play in the Knob Noster tournament.

The Gremlin "B" and volleyball team will travel to Hughesville Monday night where they will engage the Hughesville teams on their home court.

The Sacred Heart Bowling League swung into action Wednesday after a two-week layoff, with Kenny Geiser bowling a neat 180 for the boys' high game, while Sue Keller led the girls with 138 pins.

Since defense needs account for more than half the new budget, Cannon said "We are going to cut much deeper than we usually do in nondefense items."

Rep. Taber of New York, top Republican on the appropriations committee, agreed with Cannon the 1959 budget must be kept in balance if at all possible.

## Has Met Terms Of Geneva Pact, Says Red China

HONG KONG (AP)—Communist China has denied a U.S. State Department claim that she reneged on the 1955 Geneva agreement by continuing to hold six Americans in prison.

A broadcast quoting the official Peiping Peoples Daily said the agreement to let each nation's citizens return home did not apply to the six because they had violated Chinese law and must be punished in accordance with Chinese law.

The newspaper's editorial appeared while three American mothers were in China to visit their sons in prison.

The 1955 agreement, reached in Geneva, involves the freedom of Chinese and U.S. citizens to return to their homes and the release of prisoners.

"The U.S. State Department has all along tried to confuse the question of American offenders in China with that of Chinese and

## Rattlesnake Missing On Way to the Zoo

NEW YORK (AP)—A canvas bag stolen from the Port Authority bus terminal yesterday contained a timber rattlesnake considered "very poisonous."

Its owner, Ann Cielo, Paterson, N.J., told police she was taking the three-foot reptile to the Staten Island Zoo. Someone whisked it away while she was getting information from the terminal information desk.

American citizens returning to their homes," the paper said.

Reuters news agency reported that the three American mothers now in China went to church yesterday.

Mrs. Jessie Fecteau, Lynn, Mass., and Mrs. Mary Downey and Mrs. Downey's younger son William went to Mass at Peiping's Roman Catholic Cathedral. Mrs. Ruth Redmond, Yonkers, N. Y., went to a Shanghai Community church.

## Hal Boyle's Column

## Daily Mail Tells of Freaks, Flowers and Fiji Islands

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That Americans pay 100 million dollars a year for the relief of insomnia. But the late W. C. Fields found the best cure for this ailment years ago. His prescription: "Get more sleep."

That British horticulturists say freaks among Britain's flowers have increased five times normal in the last year. They believe this may be due to radioactive fallout.

That Kate Smith, after 27 years, is dropping "When the Moon Comes Over the Mountain" as her theme song. She is just plain tired of it after singing it 10,000 times.

That there are more than 600 casket makers and 25,000 funeral parlors in the United States—a consoling thought when you feel nobody really wants you.

That for some reason the kosher pickle business is doing great in India.

That the Duke of Edinburgh, who ought to know, once said: "Discipline is the force which causes a man to play the part required of him in the organization to which he belongs."

That if you ever have to shoot a werewolf be sure to use a silver bullet. According to legend, wolfbane will keep a werewolf away, but it can be destroyed only by a silver-tipped object.

That in Britain each year more people commit suicide than are killed in highway accidents.

That you will blink your eyes about two million times in 1958.

That a Sixth Ave. shop here specializing in back numbers of magazines and newspapers has this sign: "Read yesterday's news tomorrow!"

That tea-drinking Tokyo now has 4,000 coffee shops.

That a researcher has found the divorce rate among penguins is about 10 per cent. They get along together better than people.

That baking soda is an excellent fire extinguisher—particularly if the fire is in your stomach.

That comedian George de Witt sums up the march of science thusly: "Modern man has the genius to make rain but lacks the common sense to come out of it."

That in England a run in a woman's stocking is called a ladder.

That during 1957 U. S. scholarships totaling more than 1½ million dollars were awarded to 765 of these young Hungarian refugees who were fighters for freedom.

That a big spender really has a whale of a time in the Fiji Islands. Whale teeth are used for money there.

That the biggest baby sitting bargain in 1958 will be at the World's Fair in Brussels, Belgium. Parents can park their kids all day at a nursery for only 20 cents each.

That in Morocco young boys catch butterflies and rub the wings against their cheeks, in the belief this will speed the growth of a beard, a symbol of strength there.

That if all businessmen filed copies of their expense accounts with their income tax returns it would make a paper mountain 15 miles high.

That it was Francis Bacon who observed long ago: "Prosperity is not without many fears and distastes; and adversity is not without comforts and hopes."

## Seven Fires Reported At Home Since Friday

GLENDIVE, Mont. The Charles Kings have reported seven small fires at their house since Friday morning.

The latest was a blaze yesterday in a window frame.

Fire Chief George Smith said he had no idea what caused the fires.

One fire started in a waste basket, another in a closet. Others burned curtains or window frames.

## Security Gets More Than Half Of Dollar Pie

WASHINGTON (AP)—Sixty-four cents out of every dollar in President Eisenhower's new budget will be spent on protection—the military, atomic, foreign aid and other costs related to national security.

The rest of the dollar pie is cut up as follows:

22 cents for civil benefits, including welfare, labor, housing, commerce, farm programs, veterans and resource development.

11 cents for interest on the federal debt.

3 cents for general government, including along with the executive branch the costs of the legislative and judicial branches, administering the territories and possessions, and managing the government's records and property.

And here's where the money for each budget dollar will come from:

52 cents from the individual income taxpayer.

27 cents from the corporation income tax.

13 cents from excise taxes.

8 cents from customs and other receipts.

## Youth Cracks Bank To Pay Speeding Fine

DANVILLE, Ill. (AP)—John W. Kingred of Chrisman, Ill., got the money to pay a speeding fine by cracking a bank. A piggy bank, that is.

Kingred, 18, dumped a sack of 500 pennies and 200 nickels on the desk of Justice of the Peace George Meers and said the money came from his piggy bank.

Meers commended the youth for his thrift.
